Ref.: Material fact – Commercial authorization of the increase in power of the Dock Sud Thermal Power Plan

I am pleased to announce in my capacity as head of Market Relations Officer for YPF Energía Eléctrica S.A. (indifferently “YPF Luz” or the “Company”) in compliance with current regulations in relation to the subject of the reference.

In this regard, I inform that on February 29, 2024, Central Dock Sud S.A., a subsidiary of the Company, received notification from CAMMESA informing that the commercial authorization of the increase in power of the Combined Cycle of the Dock Sud Thermal Power Plant was approved. Commercial Operation is enabled the Combined Cycle of the Dock Sud Thermal Power Plant for a net power to be injected into the SADI of up to 839.80 MW, as of zero (0) hours on the current day.

Sincerely,

Gabriel E. Ábalos
Market Relations Officer
