Re: Material fact - New Solar Farm.

Dear Sirs,

I am pleased to address you on behalf of YPF Energía Eléctrica S.A. ("YPF Luz" or the "Company") in compliance with the applicable regulations, to inform that the Board of Directors of the Company approved the construction, by itself or through a subsidiary, of the first stage of its second solar farm for electric energy generation, "El Quemado 1", located in the town of Las Heras, province of Mendoza.

In its first stage, the site will have a total installed capacity of 200 MW and will supply industrial demand in the Renewable Energy Term Market "MATER". The estimated investment in this stage is 170 million dollars.

Yours sincerely.

Pedro Kearney
Responsable de Relaciones con el Mercado
