YPF Energía Eléctrica S.A. Announces Project Developments and Capital Strategy

Buenos Aires, May 15, 2026 - YPF Energía Eléctrica S.A. (the “Company”), a leading power generation company in Argentina, announces recent developments related to its business and capital strategies.

In April 2026, pursuant to Open Bidding Processes No. 01/2026 for the Perito Moreno Gas Pipeline (“GPM”) and No. 01/2026 for Transportadora Gas del Sur (“TGS”), the Company and its subsidiary CDS were awarded contracts for the expansion of firm incremental capacity by 368,499 m³/d (Tratayen-Salliqueló) and 361,239 m³/d (Salliqueló-GBA), respectively, for a term of 35 years. In accordance with the terms of the aforementioned tenders, the Company and CDS has committed to making advance payments related to the first 15 years of the contracts, totaling US\$51.8 million, and Ps15.76 billion (adjustable at the time of payment according to the prevailing rate), plus VAT.

Additionally, with respect to El Quemado solar farm, which already achieved partial commercial operations for 200 MW between December 2025 and February 2026, the Company expects to achieve full commercial operations in the following weeks, reaching a total installed capacity of 305 MW. Upon achieving full commercial operations, El Quemado is expected to become the first project under the RIGI framework (large investments promotion scheme) in operations and the largest solar farm in Argentina based on installed capacity.

Moreover, the Company is analyzing participation in certain tender processes relating to energy storage projects and the development of greenfield projects. Any decision to participate in these processes, and the scope, timing and terms of any potential projects, remain subject to internal approvals, market conditions and other relevant factors.

In terms of its capital strategy, the Company is currently exploring various financing alternatives to fund future initiatives and enhance shareholders’ liquidity. Potential options may include the issuance of global bonds pursuant to Rule 144A and Regulation S under the U.S. Securities Act of 1933, as amended (the “Securities Act”), bonds in the local market and/or a global offering of common shares with the intention of registering and listing its common shares in the United States and Argentina. The type and number of securities to be sold and the amount and timing for any such transaction has not yet been determined.

This announcement is not for publication or distribution, directly or indirectly, in or into the United States of America. This press release does not constitute an offer to sell or a solicitation of an offer to buy any securities in the United States nor in Argentina, and it does not constitute an offer, solicitation or sale in any state or jurisdiction in which such offer, solicitation or sale would be unlawful. Securities may not be offered or sold in the

United States unless they are registered or exempt from registration under the Securities Act. Any public offering of securities in the United States will be made by means of a prospectus that may be obtained from the Company and that will contain detailed information about the Company and its management, as well as financial statements. This press release is issued in reliance on Rule 135e of the Securities Act. The Argentine Securities and Exchange Commission (*Comisión Nacional de Valores*) has not issued any opinion regarding the request for authorization of any public offering of such securities by the Company.
